## CityCat VS20e: the agile compact sweeper

### Ready for action at any time

The HV battery can be recharged in just two and a half hours at any public car charging station thanks to a 22 kW on-board charger.

### Exceptional driving comfort

Maintenance-free independent wheel suspension coordinated to the vehicle by means of shock absorbers and springs on the front axle and leaf springs on the rear axle ensure safe and comfortable driving.

### Maximum service life

The exceptionally robust and maintenance-free design of the HV battery ensures maximum service life in daily operation and minimum deterioration of the cells.
